

#### **AMENDMENT(S) TO THE SPECIFICATION**

**Please replace the paragraph beginning at page 14, line 9, with the following rewritten paragraph:**

Feed flow 510 flows from inlet of entry cone 502 through orifice 506 and discharges into outlet of exit cone 504. The discharge includes feed flow 510 as well as sucked material 512. Material 512 is sucked into device 500 through insert section 508.
